Conflict Minerals Policy

Rowley Spring & Stamping fully supports the goals and objectives of section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act which aims to prevent the use of certain "Conflict Minerals". We are committed to sourcing material and products from socially responsible suppliers, and it is Rowley Spring & Stamping's policy to not purchase products which contain tin, tantalum, tungsten or gold from known conflict sources.

Furthermore, we will:

- Endeavor to do business only with those suppliers who have completed and documented their due-diligence in verifying the root sources of the minerals contained in their product.
- Make good-faith efforts to replace any supplier who is known to use any conflict minerals that have been mined in a conflict country.
- Investigate any evidence that minerals from conflict countries have been introduced into our supply chain and take appropriate action.

John Dellalana, President
